

Communication:

I aim to respond to all requests **within 48 hours**. My schedule is often open or and I am happy to answer any questions or concerns you may have. I have some chronic (not contagious) health struggles that can sometimes cause a longer delay in my communication. If this occurs, please know it is not out of disrespect or neglect. **I invite you to reach out with a reminder anytime with a call to the business phone line at #(720)745-0015.** Thank you for your understanding, I look forward to connecting with you!

Session Environment:

Cats are present at the in-person location. I keep a clean home, but fair warning to all who have cat allergies!

I offer a comfortable setting in my living room with indirect lighting, soft instrumental music, tissues, mints, chocolates, pillows, blankets, and a glass of filtered water awaiting you. There is a full bathroom with feminine products available, as well as, mouthwash, floss, and little 'Wisp' toothbrushes. My nose is rather sensitive to mouth and body odor, so I respectfully request that oral hygiene and general body hygiene be attended to before we proceed with our session. Often a light woodsy scent of Santo Palo will be in the air from cleansing the space before your arrival, but all scents can be changed or consciously kept away from the space upon request.

I am happy to make any requested environmental adjustments I can in order to increase the comfort of the space for you.

Parking and Accessibility:

Parking in my long driveway behind my car is available, as well as street parking. The home **IS** accessible by wheelchair, with an entry ramp and extra wide doors. The bathroom amenities, however, would likely require some assistance. I am also more than happy to assist in any movements or lifts up to 50 lbs.

I am happy to make any requested environmental adjustments I can in order to increase the comfort of the space for you.

Regarding COVID:

I am immuno-compromised, fully vaccinated, and stay on top of being boosted. I am happy to wear a mask throughout the duration of our time together upon request, or if either of us has risk concerns. Your forehead temperature and recent symptoms will be checked at the door. If you are questionably symptomatic, I would prefer to be on the safer side and postpone our planned session with as much notice as possible. **Thank you for your cooperation!**
